Saturday 7th March 2020

Knock Shrine

Arise Event Guide

All the essential information for you and your group to enjoy Arise

Welcome to Arise, a day event that celebrates the faith of young people from across Ireland.

Thank you for being part of Arise, Catholic Youth Ministry Ireland's (CYMI) first national event. It is our plan to continue to build up Arise, so that it is similar in scale to the Flame Youth Event held in Wembley. This takes time, energy, and most importantly the cooperation of the different dioceses, religious congregations, youth networks, and youth organisations from around the country.

Arise is an event for all of our young adults over 18, wherever they find themselves, to support them in their encounter with Jesus Christ, as their brother, friend, and saviour. It is a day full of hope and joy. Reflecting the experience of young adults today, Arise is designed to engage a range of young people, from those who are actively involved with their faith to those who feel Catholicism may no longer speak to their lives. It will give a greater sense of what it means to be part of a national Church, celebrating our rich heritage of faith and looking to the future together.

Arise is a project of CYMI. Through events like Arise, along with our annual training day, and networking meetings, CYMI gives Catholic youth ministry a voice in the Church and in wider society.

Thanks again for your support and more importantly for your ministry where you are. We look forward to seeing you and your young people in Knock.

Workshop List

1. Prayer - Discover how to engage with God speaking in different ways. In this Workshop we will be using an ancient method of reading known as 'Lectio Divina'—which literally means 'holy reading'—with which we will read an article/picture from the newspaper/story from another tradition. Lectio involves four 'readings' moving in stages from an exterior to an inner engagement with the text by which the reading is made your own as God speaks to each of us through it in a number of different ways. This is followed by sharing in the group what happened for you, how you are invited to respond and how we can support one another in that response.
2. Friends of Africa – Our motto is “small steps together”. When we work together, we achieve far more by way of creating a sense of ownership and empowerment, both for the African people we work with and for ourselves. It will take many years before the conditions in Africa improve in a meaningful way, but changes are happening slowly let us take a look at the small steps we can take together to make a real difference.
3. Drumming – This drumming workshop immediately immerses you into the world of music-making, where you learn about rhythm and discover your own unique **beat**. A calm environment where you can feel comfortable expressing yourself and gain confidence in your own creative ability.
4. Trócaire – This workshop explores Trócaire's work, highlighting the impact of climate change on families in the global south and how climate justice relates to Laudato Si, Catholic social teaching and our faith.
5. Alpha Session - Alpha is a series of sessions exploring the Christian faith, typically run over eleven weeks. Each talk looks at a different question around faith and is designed to create conversation. Alpha is run all around the globe, and everyone's welcome. It runs in cafés, churches, universities, homes - you name it. No two Alphas look the same, but generally they have three key things in common: food, a talk, and good conversation. It's an opportunity to hear from others and contribute your own perspective in an honest, friendly and open environment.

6. Youth 2000 – A Vision for Youth in Ireland – For thirty years Youth 2000 have been bringing young people together in the presence of Jesus. Centred on the Eucharist, devotion to Our Lady, and fidelity to the teachings of the Church, Youth 2000 hosts national and local festivals, as well as weekly prayer groups. They all bring young people together for faith and friendship. It works!
7. Music Ministry – How can we create space for music that really lifts hearts and minds to God? This fun, interactive workshop may be a good first step to answer that question.
